Professional Summary

An aspiring frontend developer with a strong foundation in frontend web development, proficient in HTML, CSS, JavaScript and React.js. Seeking an entry-level position as a Frontend Web Developer to apply my skills and passion for creating user-friendly web applications and gain real world experience in web development.

Technical Skills

- Languages/Technologies: HTML, CSS, JavaScript
- Frameworks/Libraries: Tailwind CSS, React.js
- Version Control: Git, GitHub (Basic)
- Other tools: Visual Studio code, ChatGPT

Projects

1. **RiddleRush** - Developed an engaging riddle-solving game using React.js, demonstrating skills in dynamic UI development and state management. Optimized image assets and deployed the application using Vite for fast load times and seamless performance.
